

## **REQUEST FOR STATEMENTS OF QUALIFICATIONS PROFESSIONAL SURVEYING AND ENGINEERING SERVICES**

The City of Siloam Springs invites qualified firms and individuals to submit qualifications for surveying and professional engineering services to the City of Siloam Springs. Professional services include providing the following:

- Engineering and surveying expertise to design and prepare plans, specifications, and estimates approved by the City and other regulatory agencies for one or more projects;
- Public coordination and meetings;
- Preparation of all preliminary and final design plans and specifications to include streets, drainage, bridges, water and sewer utilities; coordination and approval from environmental agencies; and coordination with utilities and other regulatory entities to secure approval of designs;
- Preparation of bid package, bid tabulation, periodic inspection of construction, review of shop drawings, and contractor estimates for payment, and preparation of as-built drawings;
- Materials testing.

The SOQ's will be used for selection of surveyors and/or engineers for projects that may be planned for design initiation in 2012. Please submit two (2) copies of statement of qualifications no later than 2:00 pm on Wednesday, February 15, 2012.
